Sourcebook for Advanced Studies, Volume 1 is designed to provide a convenient reference for the advanced student. It covers a wide range of grammatical topics including: the order and form of word classes, the syntactic rules of agreement, interrogative and relative clauses, and historical phonology and grammar. Key features include: A brief introduction to the language Topics are clearly presented, with examples and exercises. Topics are ordered according to the student's level of linguistic background The book covers the major grammatical functions, and the main topics within each function. The Grammar is presented with copious examples, all shown both in Persian script and in Roman transliteration. The book has a glossary to facilitate the study of colloquial and technical terminology. Unlike many books, the Persian Script is given in full, and the reader is introduced to handwriting techniques, using the Akbarian system.
